100 days of practice counting money learning fractions and telling the time three core areas of maths that students often need additional help to master start by counting groups of coins that have a value of a pound or less slowly learn to count greater amounts of

money that include small and large notes too add and subtract values and even learn to make change learn fractions one step at a time start with simple fractions and eventually learn to add and subtract mixed numbers telling the time is one of the more difficult concepts for children to learn gradually progress from learning to tell hours to quarter hours eventually tell time in five minute and minute increments this is a great workbook to start out with most students will grasp the concepts within each of the three sections if a student still needs more practice humble math has workbooks that provide additional practice for these concepts too
